

## **WHAT'S NEW: ONE YEAR INTO THE COVID-19 PANDEMIC**

### **Introduction**

With the exception of about six months in the summer of 2020, we have been continuing to have Tuesday evening practice at Reid Park (south of the Dog Park). The Fall 2020/Spring 2021 season at Arthur Pack Park Annex was on and off, depending on the status of COVID and the county emergency orders.

Starting on September 12, 2021, we will resume Sunday morning practice at Arthur Pack Park Annex. Please come!. There is a registration and liability waiver form (which must be signed even if you signed a waiver in the past).

### **What's New**

If you attended Arthur Pack Park Annex during the 2020-2021 season, you will see that we are keeping some of the procedures but modifying others

#### **Physical Distancing and Face Coverings**

We will be continuing with social distancing: All attendees will space their crating area at least 6 feet apart.

You do not need to wear a face covering while at the site, including running the course.

We encourage you to wear a face covering if the course walk-through is congested, either because we have a lot of participants or because of the nature of the course.

At Arthur Pack Park, we really need help setting up the courses, but we are requiring helpers to wear a mask if you are getting into the equipment Mobile Mini.

Acceptable face coverings include cloth masks, disposable masks, and gaiters. Face coverings do not include face shields or bandanas. SSAC will not provide face coverings.

#### **Attendance**

You do not need to send an RSVP prior to attending practice. Visitors are welcome without any prior notice.

#### **Sanitation**

The bathrooms are approximately 10 yards from Arthur Pack Park Softball Field #9. SSAC will provide disinfecting soap for both bathrooms. We also will have hand sanitizer and disinfectant wipes available at the sign-in table. You can use physical scrip or mark the sign-in sheet if you want scrip deducted from your SSAC BitBucks account. We take cash or check.
