

**Saguaro Scramblers COVID-19 Rules, Recommendations and Waiver  
(You must sign and return with trial entry)**

**COVID-19 Rules**

**Saguaro Scramblers USDAA COVID-19 rules have been developed to maintain compliance with current Kino Sports Complex requirements (a Pima County Facility) as well as current CDC recommendations.**

Kino Sports Complex limits gatherings to a total of 50 people per day. Non-volunteering non-competing guests and spectators are not allowed at this trial with the exception that a guest may come briefly in the morning to help set up your canopy and pack up at the end of the trial. Volunteering non-competing guests are allowed if they volunteer at least 3 classes per day and must be declared in advance on this form or by emailing the trial secretary and will be included in the 50-person limit.

FACE COVERING/MASKS covering both the mouth and nose are required to be worn when an individual cannot maintain a continuous distance of 6' from other individuals. However, individuals traveling together are exempted from this rule when near only each other.

Specifically, face coverings are required during walk-thrus, briefings, during volunteering if continuous social distancing is not possible, in restrooms, near score/secretary tables, and while in designated high traffic area in front of rings. Masks must be worn when approaching another competitor, trial committee, volunteers, or judge unless properly socially distancing.

Face coverings are not required while running your dog in the ring, in your canopy, or while walking around (other than in the marked high traffic area in front of the ring entrances) provided you maintain social distancing.

Disposable masks will be available at the trial for anyone who needs one. Masks are the preferred face covering, but gaiters and bandanas are also acceptable as long as they cover both the mouth and nose.

CANOPIES: Canopies and tents are to be set up with 8' of space in between them. (As stated above, individuals traveling together do not need to wear a mask when together, so a mask is not required while utilizing canopies/tents, unless entering the tent of someone not in your party.)

RULES FOR WORKERS: If volunteering in a job where you cannot maintain at least 6' of continuous social distancing, you are required to wear a mask.

LEASH RUNNING: Leash runners will use a sanitized “grabber” to pick up and carry leashes and wear a mask unless they can continuously maintain a distance of 6’ from other people.

Failure to comply will initially result in a reminder of the rules. **Deliberate refusal to comply with these COVID-19 rules will result in expulsion from the trial and that individual must leave the facility immediately with no refund given.**
